TO ADVANCE THE GOSPEL IN JAPAN TOGETHER

This year, our vision is to see the Gospel preached and embraced through cooperation and collaboration. We want to walk this path together.

Imagine the great harvest we could reap if we were united. Our differences should not be seen as barriers that separate us, but as unique strengths that serve as a means to bring the Gospel to our communities. Our goal is for God's glory to cover Japan, for millions of people to be lead to Jesus Christ. Unity begins with relationships. We desire to see one another not as competitors, but as partners sowing into the harvest, as well as reaping this great harvest the Lord has prepared.

Churches in Singapore are a wonderful example in this regard. Through a movement called "Love Singapore," Pastors from Evangelical, Pentecostal and mainstream denominations are working together in a relationship of true love. They are helping, supporting, and cooperating with one another as they advance their work of loving Singapore. The results are remarkable. Churches are growing in number, becoming a significant force in society. Churches are walking together in one heart, believing that God's glory will cover the city.

This year's JPF Conference is a great blessing, with prominent leaders from the Evangelical Church, Ps Tony Yeo and Ps Lawrence Chua, as well as leading figures of the charismatic church, Ps Jeremy Seaward and Ps Daniel Khong who will be taking the sessions.

These Pastors are not only pastor megachurches in Singapore, they are also deeply involved in the LoveJapan initiative. The LoveJapan initiative under LoveSingapore seeks to rally churches in Singapore to plant churches in Japan. Furthermore, their churches actively send missionaries to Japan and are dedicated to church planting.

We can learn so much from our Guest Speakers. However, we pray that we not only receive their teaching, but also an impartation from the Holy Spirit from their ministry.

This year, we would like to invite Pastors and leaders from all backgrounds to spend three days and two nights together. We sincerely hope that through deepening our relationships, loving one another, and cooperating with one another that the name of Jesus Christ will be glorified in Japan.
